I tried to make an appointment for today. Why can't I call my branch directly? This is terrible customer service! The people at the branch are very nice, but since I waste 15 minutes of my time to ask a simple question to only one person that the branch can answer me, it's not a bank I plan to continue doing business with! Although I've always had great customer service within the branch, I really want you to have a way to contact your account directly. I've been with a free song for over 20 minutes. If I was in a different situation, I probably would have dropped the phone! I don't think I'm going to open an account with them soon. I can't reach anyone on this branch, I don't have a phone number. But the people who work there are always nice. I've been with this bank for 35 years. I've had an account with a bank for 40 years. They've been through all the mergers, acquisitions and name changes. A local, careful, impersonable bank turned into a horror show. Finally, when I went into the head office I received a local phone number, the answer about that no number was the HA HA, Yes, I had a problem with that. Then I applied for a credit card for my child who had travelled abroad. In the process I found that the wrong, yes BAD, Social Security number on my 40 year old account, again Oh Ha, Ha, I certainly don't know how it happened. I was told that my SSN card and my husband and I could fill out a form XXXX to fix the problem. They won't know how the number changed, but I assure you it wasn't a typo, it was a whole new number with a Colorado opening scene when I was born in Arkansas. Oh, Ha Ha. As soon as I know how this mess came about and the damage I've done to my life as a result, I'm going to change banks. In the meantime, Oh Ha Ha. This is a terrible, irresponsible bank. I daresing to put the name of a person who works there, or a number, so that you can call that answer. They just don't use phone numbers in that place. First of all, I'm trying to call this bank, because after contacting them three times and submiting all the necessary information, you still haven't updated my account. I started calling this branch at 1:10 this afternoon. It's 3:50 now, and he's not answering his phone yet. It's going to ring until it hangs me. I called them myself a total of 12 times and the call center tried to contact them for a total of 4 just to say they were constantly trying. I don't understand how you might be so busy that no one can answer your call. This bank was a nightmare. Do yourself a favor and go somewhere elseThe experience of Regions Bank, Anderson, S.C. Has been very good. I've been one of your clients since you bought the bank from the last company. I've known your employees for a long time. I enjoyed your service until last week. I tried to call the Callaway, Florida Branch with the number stored on my cell phone, it was no longer a service, changed to a damn 800-734-4667 number. I called that song trying the Callaway Branch number and spent a few minutes punching options and listening to a lot of wasted words before finally joining a living lady. I asked for the Callaway number and was told to go online enter my account, pin #, etc. to see my balance, apparently my only response was to sign up for online banking. It's not going to happen, this 84-year-old man is not going to get into that mess. The USPS lost in August and Bank statements, I finally got the Callaway number from a friend after I made several calls. Wading through a few minutes of male cattle feces to try and simply get the Callaway number me terribly. Every time I needed the bank to help me, I was always rejected by a person jason he was awesome. I made a mistake once and over enlisted and received no help to fix a one-time offer. I was trying to talk to someone at the Murray crime scenes. (I called both banks) was on hold for 9 minutes. And 10 until someone answered. It's a bad service. There's no hometown treatment here. It's hard to reach a banker at a bank branch. The only number listed in the regions is an automatic banking line that is not a live banker's weekend. It's very frustrating. Terrible, terrible service. I just wanted to contact my local branch or even customer service. I needed a phone number. I couldn't count the 26th Street bank branch at 34207 Bradenton, Florida. Unable to get a person to speak to meet customer service at 800-734-4667. I tried several times and options. Thank Goodness it's my old dad who cares about you, not me. I think as soon as I take over his finances, I'm going to have to switch to a bank that's really going to talk to me. It is impossible to reach a branch with the way the phone system is set - spent 45 minutes trying to call and still hasn't gotten to talk to anyone - you need to get the direct numbers of a branch without having to go through all this b / s talk to someone and spend an hour and still do not get - diffently not banking with you - sorry for the loss of kapil thadani owner account nu 0221298467 I am not able to go online banking regions I can not tru . please cal the 005016667402 me isshu my chck al ready.. I'm outside my mom's bank, and tried to call the congregation or find information on whether his branch had notarial publicity. There's no listed phone number for your branch, there's nothing on the automated phone service that allows me to talk to a live representative. Customer service is very difficult - I miss getting in my car and driving to a branch, how is one to talk to a representative. Do you know how much money in a bank account on the firstYesterday, 1/31/17 at about 3:50 pm EST at the Clinton Hwy branch, drive through a female cashier refusing the signature looked the same as writing the front of the check (mine). Really???? He also sealed the check so it could not be redeemed elsewhere!!!! Really?????? What authority did the treasury use to make unsubstantiated assumptions and indictments ??? You've wasted someone's time & amp; caused you serious inconvenience. How dare you??? Don't ask for any worthless apologies. It doesn't change anything, and it doesn't give anything back. The nerve!!!! My husband recently visited this branch and his debit card, which was taken from him by an employee!! They applied stated that he could not speak enough English and did not need the card and it is illegal for him to make a deposit that was the name of an it! I'm angry, and my lawyer will be in touch soon!!! My laptop was stolen at about 14:00 on SAT 24 Dec. This contained all relevant information about my regions acct. I do not know the password for this account, so I would ask that my account be frozen until I can contact you by phone for someone to talk to. Please list #the Franklin, TN. How can I get my local phone #at the Glenbrook Way branch in Hendersonville, TNI've been trying to NOT go to the bank, but since it's so close to my home, I've had the bank there. I've been down since April, so I had to get on the neighbors and family to take care of assignments for me. I noticed one of vour employees was rude to my account. Since then, I've had beople go to Cabe Coral E. It's just sad that I've been banking on your place for so long, and now that this woman's working there, we're all uncomfortable. The regions hold a 9-day hold on cheques deposited from PNC Bank's trust account. My mother is lying on a bed and we take care of her day and night, which is very expensive. These delayed deposits extend your costs. I'm very disappointed with this bureaucracy. which is unnecessary. I'll make some calls, see if other financial institutions have the same experience. DON'T DO BUSINESS WITH THIS BANK. THE SERVICE IS TERRIBLE AND THE ATM IS ALWAYS OFF DUTY. Page 3Three for the form to work Necessary. How was your experience at this bank?
